COOL BEAUTY

TEXT BY USA LINDAHE
PHOTOGRAPHY BY CHRIS MITCHELL

A pastel palette looks cool to the eye and is perfect with white slip-covered furniture and beamy brass for accents. For this compact, bouquet-like composition, Christine Saunders of "The Spiraled Slice" and pink Weber parrot tulips with pink Japanese roses and purple-blue Atlantic hydratis, all from eco-friendly, organic and fair-trade sources. She finished the look with light green and pink organic hydrangeas, acid-green lotus pods and curls of fiddlehead ferns. The result is simple but sweet.
